January
2026

Hello friends !

It gives me immense pleasure to present the fourth issue of our institutional newsletter, which reflects the vibrant academic, cultural, and co-curricular life of our institution. A newsletter is not merely a record of activities; it is a mirror of our collective efforts, aspirations, and achievements.

Education today goes beyond classroom teaching. It aims at nurturing responsible, skilled, and value-oriented individuals who can contribute meaningfully to society. I am happy to note that our institution continues to strive towards holistic development by promoting academic excellence, innovation, research, social responsibility, and ethical values among students.

The achievements highlighted in this issue are the result of the dedicated efforts of our faculty members, the enthusiasm of our students, and the continuous support of parents and stakeholders. I sincerely appreciate the hard work of the editorial team for bringing out this newsletter with commitment and creativity.

As planned, we organised a 2-Days, Multi-disciplinary, Multi-lingual International Conference on the theme "Sustainable, Inclusive and Digital Transformation in Commerce, management and Society" on a Hybrid mode. Nevertheless, despite challenges we could meet all targets successfully. I am sure, in the coming days, with this proven expertise and efficiency we shall achieve many more desired goals.

I extend my best wishes to all our students for their future endeavors and encourage them to uphold the values of discipline, integrity, and service. Let us continue to work together with determination and vision to take our institution to greater heights.

More power to SKCGians !!

Good luck and best of wishes.

COLLEGE EVENTS
